Certification Report

Company: Cathodic Anodes Australasia
Company Site: Cathodic Anodes Australasia
Address: 8 Endeavour Drive
Kunda Park, QLD, 4556, Australia

Date of Inspection: 31 Oct 2019
S/O Number:
Customer O/N: Cathodic Anodes
Tag Colour: YELLOW

This report follows the Certification of Lifting, Height Safety & Confined Space Equipment presented to our inspector , all equipment listed has been certified and is in good working condition, **EXCEPT** where listed.

Certifications were conducted in accordance with relevant Australian Standards, Site OH&S Requirements and Manufacturer Recommendations to determine Acceptance and Rejection Criteria.

All items that meet the "Accepted" criteria have been tagged with the relevant colour code, which you can cross reference with this report.

In the report, items listed as "**REPAIR**" are to be removed from service until repairs have been completed or the equipment is destroyed.

In the report, items listed as "**FAIL**" are to be removed from service immediately and destroyed as soon as practicable. Equipment can be destroyed by your company, or our inspector if requested.

In the report, items listed as "**IN USE**" are to be treated with Caution as a full Inspection was unable to be completed. A risk assessment **MUST** be conducted prior to the use of this equipment.

We accept no responsibility if any of the above equipment remains in use.

In the report, items listed as "**PASS**" are deemed Serviceable and are fit for use. This equipment has met all relevant requirements at the time of inspection and has been tagged with a YELLOW coloured Tag.

A Company representative will contact you closer to the next inspection date to arrange your next inspection.

If you have any questions regarding this report, please don't hesitate to contact the Inspector Listed below.

Kind Regards,

The Team at All About Lifting & Safety
